The Mayor wanted to remind everyone that the water supply is at 81% capacity and although he wouldn't be alarmed until it reached 75% he wanted to suggest that everyone cut down usage. He will look at this problem on a week to week basis.

The Mayor mentioned the 702 calls to Police Department and the amount of mileage driven for the month of June and thought that maybe it should be reported differently as most of the calls made were not crime related. He does not want residents to be concerned. He also noted that the amount of mileage (4400 miles) is not a lot as it is two cars for each shift.

Mayor feels that the Police Department is unduly criticized and wanted to take a moment to make everyone aware that he and the Village Board are very pleased with the Police Department. Overall the Village Board is pleased with all the Departments.

Mayor D'Onofrio had some aerial maps to show which streets would have some paving done. Streets include Walnut Ave, Hickory St., Maple Ave., Catherine St., Sweezy Ave., and possibly McCullums Lane. Resident James Titolo came before the board with several issues including individuals walking around with their underwear showing, property maintenance, speeding and parking, consolidation of the Town and Village, and the processes taken in the opening of new businesses in the Village.

Resident James Ramus asked the Village Board if there was anything that could be done to make the intersection of Hilltop and Mountain Avenue safer, by maybe making it a one way or add a sidewalk for pedestrians. Mayor D'Onofrio advised Mr. Ramus that the funds are not available for the sidewalk but that he would contact Chief Peter Miller into other options for safety.
