Owner of 105 Center St., Ian Milsom advised Mr. Doherty that he had helped a neighbor clean the property. Mayor D'Onofrio asked Mr. Doherty if he would accompany him on a walk from one side of Center Street to the other to locate where any problems exist. Mr. Doherty will be in contact with the Mayor to set up a time.

The Community Development Report for July 2009 was presented to Board for review.

The Police Department Report for July 2009 was presented to Board for review. Chief Miller spoke briefly about the National Night Out planned for August 4, 2009 from 7 to 10 P.M. in the municipal parking lot across from Sacred Heart.

A memo was received from Police Chief Miller requesting that a new law be created prohibiting the use of Center St. Park and Roe Park after dark. There are signs posted stating the park is closed 10 P.M. to 6 A.M. however with no ordinance in our code book it makes it hard for Police Officers to cite anyone for being there after hours. Mayor D'Onofrio said he would contact the Village Attorney to work on this.

Resident, Jean Sharp of 11 Homestead Avenue felt that closing parks from sundown to sunup would be a problem as sunup is too early during summer hours and asked if we could specify a time instead.

A public hearing on the Notice of Failure to Remedy Violations for property location 103-20-3, 117 Center Street was opened at 7:35 pm. There was no one present representing the owner of the property. The Code Enforcement Officer reported that the property remains in violation. The hearing closed at 7:40 pm.

Mr. Jose Sierra, from 65 Schneider Avenue sent a letter and came before the board once again to inquire if a decision had been made on the condition of his sidewalk and wall in front of his home and presented the Village Board with pictures. He advised the Village Board that he has been waiting patiently since 2006 and notified his Homeowners Insurance about the problems as he does not want to be held responsible should anyone injure themselves on the sidewalk or in his yard should the wall cave in.

The Village Superintendent Gary Boyce advised Mr. Sierra that he and Trustee Joseph McCormick did go to his residence to assess the problem, however, they would wait until Trustee McCormick returned from vacation to discuss further actions. Mr. Boyce then advised the Village Board that the Village Engineer, Todd Atkinson, would be here meeting with him on August 10, 2009 and that it would be a good time for them to go back up to Mr. Sierra's residence. Mr. Sierra was pleased and said he would be home to meet with them. At that time the wall and draining problem can be looked at further.

Mayor D'Onofrio read a letter that Chief Peter Miller received from Senator Larkin's office in which the Village of Highland Falls Police Department will be receiving a \$30,000.00 grant to be used towards the purchase of a live scan fingerprint system. This grant requires no match.

United Methodist Church of The Highlands requested permission to set up a table at Roe Park on August 22, 2009 from 12:00 to 3:00 in order to hand out school supplies.

Trustee DiSalvo motioned to approve the request.

Motion was seconded by Trustee Brown and unanimously carried.

Mayor D'Onofrio discussed the request for more water to the Town of Highlands. The Village currently supplies water to properties located outside the Village and within the Districts in the amount of 75,000 per day. Chief Water Treatment Plant Operator Kevin Hurst had advised Mayor D'Onofrio that we have enough water and that it would not be a problem. Mayor D'Onofrio said he would have the Village Attorney make the necessary changes to the Water Supply Agreement to District 2 in order to increase the supply to 100,000 per day.

Trustee Gunza requested that she and the other Board members have the opportunity to review the amendment before any changes are made.

Trustee James DiSalvo asked Police Chief Peter Miller if he would clarify 911 in the Village. Chief Miller responded that any Police or Fire calls should be made to 4911 and that any Ambulance calls be made to 911. He also remarked that if residents call 4911 for an ambulance, an ambulance would be dispatched immediately and the caller would not be told to hang up and call 911.

Jean Sharp, 11 Homestead Avenue had questions about the Landlord Registry and felt that responsible Landlords are being punished. She did not understand why a Homeowner who lives out of the area has to hire a property manager when this

would be costly. She asked Mayor D'Onofrio if maybe an exception could be made to individuals who live near the Village but, not in it. The Mayor advised her that the Village cannot start making exceptions. Ms. Sharp wanted an explanation on why there were two different laws. Mayor D'Onofrio advised her that he would contact the Village attorney to review her questions and he would have an answer either verbally or on paper for her within the next couple weeks.

Nick Camporeale, Catherine Street, felt that Ms. Sharp had a valid point when she asked why this law is needed if the mail goes to the homeowner and not agent. Chief Peter Miller explained that this law is more for emergency reasons.

Owners of 105 Center Street, Ian & Laura Milsom had several questions for the Village Board. She asked about crosswalk laws and whether anything could be done so that drivers will obey. Chief Miller told her that this law was very hard to enforce but he would work on more monitoring. They also wanted to know what could be done about the conditions surrounding their home. If more signage could be posted by the sharp turn on Muller Avenue and Center Street and asked about a stop sign coming down from Schneider Avenue to Center Street. Mayor D'Onofrio asked Chief Miller to look into the sign. They asked about the possibility of putting in security cameras. They also wanted to know if the village could look into a drug dog. Mayor asked Chief Miller to look into possibly having a drug dog brought in a few times a year. The Milsom's were interested in setting up a Neighborhood Watch group and Mayor D'Onofrio asked her to speak with the neighbors and get back to Chief Miller who would help them set it up.

Motion was made by Trustee DiSalvo to used the \$7,500.00 received from the Town for communications to be used for the purchase of security cameras.

Motion was seconded by Trustee Brown and unanimously carried.

A motion was made by Trustee James DiSalvo to approve the bills and claims for \$105,977.82 from the following listed funds:
