

*From the Desk of
Mayor Joseph E. D'Onofrio*

April 6, 2020

To my beloved Community,

During this current health crisis I have been working directly with Village Department Heads by having meetings Monday through Friday, making site visits to our employees that continue to service the needs of the community and working directly with our County Executive Steve Neuhaus and the Orange County Commissioner of Health Dr. Irina Gelman, Monday through Sunday. I have been in contact daily with the West Point Garrison Commander, Col. Cecil Marson.

Orange County and West Point have provided much needed supplies, from medical to food, which I have coordinated with different people and volunteers to help disseminate to those affected by this health crisis.

The Village of Highland Falls is working with our local businesses, from wellness calls, initiatives and updates. There have been, and continue to be, service organizations and local stakeholders serving the needs of the community in response to COVID-19.

My goal is to raise awareness, support your needs and communicate accurate information. I know as a community we will beat this crisis. All of you are what the best of us are! God Bless and Stay Safe.

Please use the helpful information below for any relief you may need:

COVID-19 Hotline/Testing-888-364-3065

Orange County Health Hotline – 845-291-2330

Report Price Gouging- 845-360-6700

Business Relief -845-802-9150

Housing/Mortgage Crisis – 845-713-4568

Continue to visit the Village Website ([www. highlandfallsny.org](http://www.highlandfallsny.org)) for updates and information.
